

Silicon Valley Robotics

Silicon Valley Robotics is a non-profit 501(c)6 business league supporting the innovation and commercialization of robotic technologies in the northern California area. The Silicon Valley area is home to one of the largest robotics clusters in the world, with more than 80 robotics companies and 10 world class research facilities.

Silicon Valley Robotics runs events, collects data, connects companies, policy and information and is a central contact point for interest in robotics via our website and directory. Join us for network and speaker events, investor breakfasts, and our hugely successful Robot Block Party @ Stanford during National Robotics Week.

Silicon Valley Robotics Board of Directors are:

- Rich Mahoney, Director of Robotics at SRI International (President)
- Jan Becker, Senior Manager Autonomous Technology at Bosch RTC (Treasurer)
- Steve Cousins, CEO Willow Garage
- John Dulchinos, CEO Adept

Join us at SVR as a robotics startup, company, organization, individual, affiliate or partner.

For robotics companies and research labs:

- introductions
- network events
- recruitment events
- promotion of press releases, open positions, directory listing
- media contacts
- speaker series
- investor breakfast invitations
- market research
- setting the policy agenda

Robotics non-profits or STEM organizations:

- introductions
- network events
- recruitment events
- promotion of press releases, directory listing
- media contacts
- speaker series
- market research
- robotics news
- setting the policy agenda
- Robot Block Party agenda

Robotics professionals:

- free or discounted access to events
- market research
- recruitment events
- robotics news
- setting the policy agenda

Affiliates & Partners:

- introductions
- investor breakfast invitations
- tailored programs
- advertizing or sponsorship option
- robotics news
